

# MARK ANTHONY OLIVARES

*Frontend (VueJS) Developer*

Libertad, Pasay, 1300, Philippines, **0976-427-7992**,

[olivaresmarkanthony14@gmail.com](mailto:olivaresmarkanthony14@gmail.com)

---

## SUMMARY

Dynamic and results-oriented **Frontend Developer** with over **3 years of experience** in creating responsive and scalable web applications. Skilled in modern JavaScript frameworks such as **Vue.js**, **Nuxt**, and **Tailwind CSS**, with strong proficiency in **API integration** and UI/UX implementation. Passionate about building efficient, user-friendly interfaces and writing clean, maintainable code. Brings a collaborative attitude and a commitment to continuous improvement to deliver innovative and high-quality digital solutions.

---

## WORK EXPERIENCE

**07/2025 – Present**

**Frontend Developer (Senior Role) | Megabet Corp | Parañaque City, PH**

- Led frontend development initiatives, managing task assignments and mentoring junior developers in coding structure, best practices, and design principles.
- Developed and optimized reusable components to enhance responsive design and improve user management systems.
- Designed and implemented high-quality software solutions following modern frontend architecture and coding standards.
- Created interactive mini-games and integrated backend APIs to ensure cross-platform functionality and seamless data flow.

**08/2023 – 05/2025**

**Fullstack Developer | Leads Agricultural Products Corp. | Laguna, PH**

- Contributed to the full-stack development of an e-commerce marketplace platform.
- Designed responsive web interfaces using **Nuxt UI** and **Tailwind CSS**, improving visual consistency and user flow.
- Integrated **GraphQL APIs** between frontend and backend systems, achieving seamless data communication and faster response times.

**07/2023 – 11/2025**

**Mid Vue Frontend Developer (Contract) | DreamPlay1 | Makati, PH.**

- Built and enhanced web and H5 application components to increase engagement and interactivity.
- Designed and implemented high-quality frontend solutions based on Vue.js and modern UX principles.
- Collaborated closely with backend developers to execute smooth API integrations ensuring performance consistency across devices.

**07/2022 – 07/2023**

**Jr Java/Vue Developer | DSSE | Pasay, PH**

- Collaborated with backend developers to optimize workflows and improve development speed.
- Integrated multiple APIs while maintaining adherence to standardized development lifecycles.
- Supported the frontend team in accelerating project deployment through efficient Vue.js implementation.
- Authored and reviewed technical documentation to promote knowledge sharing and code clarity.
- Applied object-oriented programming (OOP) principles in building robust and maintainable applications.

**02/2022 – 05/2022**

**Web Developer - Internship, CDRRMO | Laguna, PH**

- Assisted in the programming of both new and existing web applications to enhance functionality.
- Participated in the assessment and investigation to suggest and create new software features.
- Contributed as a frontend developer using Vue.js to elevate user interfaces.

---

## **EDUCATION**

**06/2018 – 06/2022**

**University of Cabuyao (*former Pamantasan ng Cabuyao*)**

Bachelor of Science in Information Technology

- PNC Programming Varsity (2021-2022)

---

## **TECHNICAL SKILLS**

**Frontend Development:**

HTML, CSS3, JavaScript (ES6), Vue.js (Vue 2, Vue 3), Vuex, Vue Router, Nuxt.js, Axios, Tailwind CSS, Element UI, Vant 4, Vuetify, Ant Design Vue, jQuery, JSON, REST API, Responsive Design, Modular Components, Performance Optimization, Server-Side Rendering (SSR)

**Backend Development:**

Laravel, GraphQL, Java, Spring, MyBatis, MyBatis Plus, JPA, Swagger, RESTful API Design, API Integration

**Database Management:**

MySQL, MariaDB, MongoDB, ElasticSearch, DBeaver, XAMPP

**Build Tools & Testing:**

Vite, Jest, Automated Testing, AIO Testing, CI/CD, Functional Programming, Debugging, Performance Profiling

**Version Control:**

Git, Git Bash, GitHub, GitLab, Bitbucket, SourceTree, Agile/Scrum Collaboration

**Development Environments:**

VS Code, IntelliJ IDEA

**Soft Skills:**

Interpersonal Skills, Communication Skills, Presentation Skills, Team Collaboration, Problem-Solving, Continuous Learning

## PROJECT & WEBSITES

- **Megabet Paradise** – <https://megabet-paradise.com/>  
Led frontend development and UI optimization for interactive event pages and mini-games, ensuring responsiveness across devices.
- **BIBVIP** – [https://www.bibvip.com/en\\_US](https://www.bibvip.com/en_US)  
Collaborated on frontend components and feature integrations to enhance user engagement and system performance.
- **DreamPlay** – <https://dreamplay1.com/>  
Developed Vue-based web and H5 application components, improving design responsiveness and API-driven interactions.
- **Leads Agricultural Products Corp.** – <https://www.leadsagri.com/>  
Contributed to the design and development of an e-commerce marketplace (not yet deployed at departure), implementing Nuxt UI, Tailwind CSS, and GraphQL integration.
